Washington, D.C. 20505

7 November 1985

MEMORANDUM FOR: Mr. Charles A. Hawkins, Jr.
Deputy Assistant Secretary of Defense (Intelligence)

SUBJECT: Draft DoD Directive on GDIP Management

REFERENCE: Your memorandum to , dated 25 October 1985

The proposed Department of Defense Directive codifies the missions and functions that the General Defense Intelligence Program (GDIP) Program Manager and his supporting GDIP Staff are currently performing. The tenor is clear that the Program Manager must simultaneously meet the needs of the Secretary of Defense and the Director of Central Intelligence through immersion into the planning, programming, budgeting, and review procedures both on the Department of Defense side and the National Foreign Intelligence Program side. The proposed Directive also makes clear the distinction between the GDIP Staff and DIA. We have no objections to the Directive. (U)
